

KEEPING GRAND JURORS SAFE

YOUR SAFETY IS OUR PRIORITY

Fulton County's judges **appreciate your jury service** and want you to know the steps we are taking to keep **jurors safe**.

Our first floor courtrooms are large enough to maintain at least six feet of distance between occupied seats. Jurors summoned and serving will be limited in number to accommodate CDC distancing guidelines. The entire facility will be thoroughly cleaned and disinfected before, during, and after your arrival. Hand sanitizers will be provided, and social distancing will be enforced at all times. Please wear a face mask and, if you wish, gloves while in the building. For more information about our safety precautions, please visit fultoncourt.org/jurors.

Many of you who have received this summons are not familiar with Grand Jury service. Jurors are selected at random and not everyone who received a summons must serve. You will receive all the information you need during the selection process.

Please **complete the online juror questionnaire** and review the **COVID-19 screening questions** as promptly as possible.

If you have a hardship preventing you from serving, please send a request to be excused to Jury Division at info.juryservices@fultoncountyga.gov. The Judge will review your request.

Thank you for your jury service! Our system of justice depends on citizen participation, and **your health and safety** are the priority of Fulton County Courts.

Visit Coronavirus.gov for prevention tips and more information about the COVID-19 pandemic.
